INSPECTOR	AREA / EQUIPMENT ID

Before you start

1. Mark every item OK, Defect or N/A.
2. For each Defect, record the location and the fix needed, tell the COVID-19 safety coordinator, and recheck once it is corrected.
3. Your COVID-19 plan, manufacturers' instructions and site rules may add checks.

Legal basis: 29 CFR 1910.502: Healthcare (Part 1910 Subpart U, COVID-19) Source: eCFR, Title 29, text dated 2026-11-09

SECTION A | COVID-19 plan, coordinator and hazard assessment

No.	Check item	What to look for	OK	Defect	N/A	Notes
1	COVID-19 plan for this workplace Ref. 1910.502(c)(1)	A current plan exists for this workplace, or a workplace-type plan that includes this site's specific information.	☐	☐	☐	
2	Written plan Ref. 1910.502(c)(2)	The plan is in writing where the employer has over 10 employees.	☐	☐	☐	
3	Safety coordinator designated Ref. 1910.502(c)(3)	At least one COVID-19 safety coordinator is designated, knows infection control for this workplace and has authority to enforce the plan.	☐	☐	☐	
4	Coordinator named in plan Ref. 1910.502(c)(3)	The written plan states who the safety coordinator(s) are.	☐	☐	☐	
5	Hazard assessment Ref. 1910.502(c)(4)(i)	A workplace-specific assessment identifying COVID-19 hazards is on file.	☐	☐	☐	
6	Vaccination status procedures Ref. 1910.502(c)(4)(ii)	Where fully vaccinated employees are exempted from controls in a well-defined area, the plan includes procedures to determine vaccination status.	☐	☐	☐	
7	Employee involvement Ref. 1910.502(c)(5)	Records show non-managerial employees and their representatives, if any, were asked for input on the assessment and the plan.	☐	☐	☐	
8	Plan monitoring Ref. 1910.502(c)(6)	There is evidence the plan's effectiveness is monitored and the plan is updated when needed.	☐	☐	☐	

SECTION B | Patient screening, PPE and aerosol-generating procedures

No.	Check item	What to look for	OK	Defect	N/A	Notes
9	Entry points Ref. 1910.502(d)(1)	Entry points to the patient care setting are limited and monitored.	☐	☐	☐	
10	Non-employee screening Ref. 1910.502(d)(2)	Every patient, resident, client, delivery person and other visitor is screened and triaged on entry.	☐	☐	☐	

General guidance only, not legal advice. Check the current regulation and your employer's procedures.

SECTION B | Patient screening, PPE and aerosol-generating procedures

No.	Check item	What to look for	OK	Defect	N/A	Notes
11	Facemasks worn Ref. 1910.502(f)(1)(ii)	Employees wear facemasks over nose and mouth indoors and in shared work vehicles, apart from the exceptions in 1910.502(f)(1)(iii).	☐	☐	☐	
12	Facemask supply Ref. 1910.502(f)(1)(ii)	Enough facemasks are on hand for changes at least once per day and whenever soiled or damaged.	☐	☐	☐	
13	Face shields Ref. 1910.502(f)(1)(iv)	Required face shields are cleaned daily and show no damage.	☐	☐	☐	
14	Respirators for exposure Ref. 1910.502(f)(2)(i)	Staff exposed to confirmed or suspected COVID-19 patients have respirators issued and worn as 1910.134 requires.	☐	☐	☐	
15	Gloves, gowns and eye protection Ref. 1910.502(f)(2)(ii)	The same staff wear gloves, eye protection and an isolation gown or other protective clothing.	☐	☐	☐	
16	Staff present during aerosol-generating procedures Ref. 1910.502(g)(1)	Only employees essential to patient care and procedure support are in the room during aerosol-generating procedures on patients with known or suspected COVID-19.	☐	☐	☐	
17	Procedure room Ref. 1910.502(g)(2)	Those procedures take place in an existing AIIR when one is available.	☐	☐	☐	
18	Clean-up after procedures Ref. 1910.502(g)(3)	Surfaces and equipment in the room or area are cleaned and disinfected after each such procedure.	☐	☐	☐	

SECTION C | Distancing, barriers, cleaning and ventilation

No.	Check item	What to look for	OK	Defect	N/A	Notes
19	Indoor distancing Ref. 1910.502(h)(1)	Employees are kept 6 feet or more from others indoors, except in activities shown to be infeasible, such as hands-on care, or momentary passing.	☐	☐	☐	
20	Barriers installed Ref. 1910.502(i)	Cleanable or disposable solid barriers are in place at fixed lobby, check-in, triage, pharmacy window and bill payment stations where people are closer than 6 feet, unless shown infeasible.	☐	☐	☐	
21	Barrier size and position Ref. 1910.502(i)	Barriers block the face-to-face pathway between people where they normally stand or sit.	☐	☐	☐	
22	High-touch surfaces Ref. 1910.502(j)(2)(i)	Outside patient care areas and resident rooms, high-touch surfaces and equipment are cleaned at least once a day, with cleaners applied as the manufacturer directs.	☐	☐	☐	
23	Hand hygiene Ref. 1910.502(j)(3)	Alcohol-based hand rub with at least 60% alcohol, or readily accessible hand washing facilities, is available.	☐	☐	☐	
24	HVAC filter rating Ref. 1910.502(k)(1)(iii)	Filters are MERV 13 or higher, or the highest efficiency compatible with the HVAC system.	☐	☐	☐	
25	Filter maintenance Ref. 1910.502(k)(1)(iv)	Filters are maintained and replaced when needed for proper HVAC performance.	☐	☐	☐	

General guidance only, not legal advice. Check the current regulation and your employer's procedures.

SECTION C | Distancing, barriers, cleaning and ventilation

No.	Check item	What to look for	OK	Defect	N/A	Notes
26	Outside air intakes Ref. 1910.502(k)(1)(v)	Intake ports are clean, maintained and clear of debris.	☐	☐	☐	
27	AIIR operation Ref. 1910.502(k)(2)	Any existing AIIR is maintained and operated to its design and construction criteria.	☐	☐	☐	

SECTION D | Employee screening, notification and removal

No.	Check item	What to look for	OK	Defect	N/A	Notes
28	Daily screening Ref. 1910.502(l)(1)(i)	Each employee is screened before every work day and shift, by self-monitoring or in person.	☐	☐	☐	
29	Screening tests Ref. 1910.502(l)(1)(ii)	Any test the employer requires for screening is provided free to employees.	☐	☐	☐	
30	Reporting rule Ref. 1910.502(l)(2)	Employees have been told to report promptly a positive test or diagnosis, a provider's suspicion of COVID-19, unexplained loss of taste or smell, or fever (≥100.4 °F) with new unexplained cough and shortness of breath.	☐	☐	☐	
31	Close-contact notices Ref. 1910.502(l)(3)(i)(A)	Records show close contacts without a respirator and required PPE were told, with contact dates, no more than 24 hours after the employer was notified of a positive case.	☐	☐	☐	
32	Notice content Ref. 1910.502(l)(3)(ii)	Exposure notices contain no employee names, contact details or occupations.	☐	☐	☐	
33	Removal of positive employees Ref. 1910.502(l)(4)(i)	Employees known to be COVID-19 positive are removed at once and kept away until cleared under 1910.502(l)(6).	☐	☐	☐	
34	Pay during removal Ref. 1910.502(l)(5)(iii)(A)	Where the employer is not exempt under 1910.502(l)(5)(i), removed employees keep their benefits and regular pay up to $1,400 per week, subject to the reduction in 1910.502(l)(5)(iii)(B).	☐	☐	☐	
35	Vaccination leave Ref. 1910.502(m)	Employees get reasonable time and paid leave for vaccination and any side effects.	☐	☐	☐	

SECTION E | Training, worker rights and records

No.	Check item	What to look for	OK	Defect	N/A	Notes
36	Training delivered Ref. 1910.502(n)(1)	Each employee has been trained in a language and at a literacy level they understand, on the topics in 1910.502(n)(1).	☐	☐	☐	
37	Trainer Ref. 1910.502(n)(3)	Training is run or overseen by someone knowledgeable in the subject as it relates to the job.	☐	☐	☐	
38	Interactive questions Ref. 1910.502(n)(4)	Trainees can ask questions and get answers from a knowledgeable person during training.	☐	☐	☐	
39	Rights notice Ref. 1910.502(o)(1)	Employees have been told of their right to the standard's protections and the ban on retaliation.	☐	☐	☐	

SECTION E | Training, worker rights and records

No.	Check item	What to look for	OK	Defect	N/A	Notes
40	Plan versions kept Ref. 1910.502(q)(2)(i)	All past and current versions of the plan are retained.	☐	☐	☐	
41	COVID-19 log entries Ref. 1910.502(q)(2)(ii)(A)	Each entry has the name, one contact method, occupation, work location, last day on site, test or diagnosis date, and first symptom date if any.	☐	☐	☐	
42	Log timing Ref. 1910.502(q)(2)(ii)(B)	Entries are made no later than 24 hours after the employer learns of a positive case.	☐	☐	☐	
43	Log confidentiality Ref. 1910.502(q)(2)(ii)(B)	The log is kept as a confidential medical record and disclosed only as the ETS or other federal law requires.	☐	☐	☐	
44	Fatality reporting Ref. 1910.502(r)(1)(i)	A procedure exists for telling OSHA of each work-related COVID-19 fatality within 8 hours of learning of it.	☐	☐	☐	
45	Hospitalization reporting Ref. 1910.502(r)(1)(ii)	A procedure exists for telling OSHA of each work-related COVID-19 in-patient hospitalization inside 24 hours.	☐	☐	☐
